

# Perfect group stays

The  
**Carlton**

Make The Carlton, your base for great accommodation. We welcome family and friends even when staying elsewhere. You can party, meet & greet in our bar, brasserie and event rooms.

We can organise treatments, activities and a lot more to make this special time as enjoyable and stress free as possible.

Thank you for considering staying at The Carlton as part of your wedding event. We know just how important your big day is to you, and also to your family and friends sharing the celebrations.

The days leading up to and after your wedding are equally important. You want the choice and comfort of an hotel that consistently understands this.

Together with their families and friends, every year couples choose us as their base and key hotel in North Devon.

## Why choose us?

- Convenience. Located next door to The Tunnels wedding venue.
- Round the clock services.
- Modern and well-appointed facilities.
- Gym, treatment & other therapies readily available.
- Event rooms for added value.
- Bar and Brasserie open to non-resident guests.
- Award winning hospitality.

Naturally you or your wedding party can book any of our bedrooms.

Rooms can be booked individually or as part of a closed or open block. We can advise on the best means to operate this. Broadly a closed block means you will be managing the allotment or allocation of rooms, whereas with an open block we will do this for you.

Please be aware we will need card details to guarantee any booking, and this may determine your preferred means of reserving accommodation.

We will require a non-refundable deposit if more than four rooms are reserved.
