Modern, safe & clean rooms

The Carlton looks a classic Victorian building from the outside. But step inside and you are guaranteed to be impressed. From the warm genuine welcome you'll receive from all the team, through your modern bedroom accommodation to our excellent food and drink.

In the current pandemic, we've upgraded all our usual high standards to ensure that your stay is as safe and hygienic as we can deliver. In fact our best in class measures are in place to give you peace of mind.

Spacious

We only operate at 75% of our capacity. Our ground and lower ground public areas, coffee shop, Brasserie and lounges are spacious and free from clutter. Meal times are managed by pre-booking.

Extra comfort

Rooms are cleaned professionally. Additional cleaning is given to higher footfall areas and frequent disinfection is applied. Spot and fogging machines are used to deliver this. This means you can still enjoy the comfort of soft throws, cushions and those extra touches that mean so much more in the winter months.

Fresh air

The great outdoors is all around you in North Devon. Crisp short days give way to long nights. Ideal for recharging your batteries. Combined with our programme of great food, relaxation and if you want, some gentle exercise you'll get so much more from a festive break at The Carlton this year.
